

Corporate Volunteering & Social Impact Partnerships

107,000 children
are in care in the UK.

1 in 10 children move 3 time in their first year in care

36,000 new children enter the care system every year

80% of

them still move with bin bags or nothing.

No child should carry their life in a bin bag.

Comfort Cases UK is the only national charity dedicated to eliminating "bin-bagging".

We exist to ensure children and young people entering, moving within or leaving the care system are **treated with dignity, care and respect** at one of the most frightening points in their lives.

We gift them an age-appropriate bag of their own filled with new practical essentials like toiletries and pyjamas, and comfort items like blankets, teddies and books.

It's more than a bag of items.
It's a message that

“You matter.”

How can you help give dignity & belonging to children in care?

You unlock more than social impact.

Your partnership with Comfort Cases can help:

You deliver visible measurable impact and shared purpose

You build stronger, more engaged teams and cross team collaboration.

You enhance workplace culture and employee engagement

Your colleagues develop trust, pride, and a shared sense of achievement.

Encourage employee empathy, social awareness and values-led leadership

You build human connections beyond the workplace
